Any member club or clubs wishing to bid for the Convention for 1972, shall submit bid to the I.N.A. President prior to the Cedar Rapids Convention meeting, Sunday, October 10th. Okay now, "Where to, in 72" ???

PRESIDENT'S MESSAGE:

Sometimes you get in these positions by long life and pressure rather than by any particular accomplishment. This year I've done little to deserve this office, and feel I am resting on my laurels. Back in 1963-64, when I was Secretary-Treasurer, of the I.N.A., I knew I was doing something.

There are more changes and faster changes, in the hobby, now; more coins being made in the world, to-day, than ever before, and, I believe, more true Numismatic interest, by collectors, is being shown than ever before.

The I.N.A. is a state-wide organization striving to promote educational material, and help through these pages and by an Annual show, to dispense information about our hobby.

The degree of success or failure of our undertakings depends on all of us. I welcome your suggestions on anything that can make the I.N.A. of better service to its membership, and hope to see and greet all of you October 8th. and 9th. in Cedar Rapids.

Dean Oakes, President, I.N.A.

CIVIL WAR TOKEN SOCIETY:

A note received recently tells of the Civil War Token Society, a group of over 300 members dedicated to the promotion of study and collecting Merchant tokens issued during the Civil War.. Members are active in 41 states. Chris Mackel, 8024 S. Mulligan, Oak Lawn, Illinois. 60459, is the President of the club.

A quarterly journal and mail bid auctions are part of the club's promotional material.

An excerpt from the communication; " Various kinds of coin collections can be put together to satisfy one or more of the typical collecting urges, but Civil War Tokens satisfies them all," says Mackel.

" These tokens, which were actually used as money, were produced in great quantities to meet the needs of commerce during our Nation's greatest crisis. They circulated in 23 of the then-existing 35 states, and in more than 400 towns. More than 1400 merchants issued these tokens to advertise their business, while meeting the need for a circulating small change medium."

Any one interested in learning more of the society can write to the Secretary; Mrs. Gail Levine, 5375 Duke St. Alexandria, Virginia. 22304., for an application blank and a free copy of the quarterly journal.

FROM THE COIN BOX:

THE BUCK IS BACK, with the advent of the Ike dollars now being received in the mails. According to educated predictions, the interest in collecting of cart-wheels will be on an upswing. This is already taking place, according to the indications of the price trends of these coins. -- John J. Pittman, Rochester, N.Y. was elected as President of the American Numismatic Association. Mrs. Virginia Culver became the first woman elected as the organization's Vice-President during the Annual Convention.-- (Women's Lib.)?? -- Pres. Nixon has been made an Honorary A.N.A. member, now if he can help see to it that we have a few coins left(after Taxes) to collect with he will be helping the Coin Hobby Fraternity. -- - Hey, how about the hassle involving the "Moon Medals" put out by the Franklin Mint?? -- -- Short column here to make a space for the next item that I stole from Myron Morgan's Fort Madison club bulletin. (30).

IS THIRTEEN AN UNLUCKY NUMBER??

Here are a few reasons why many people could have a superstition of one dollar bills;

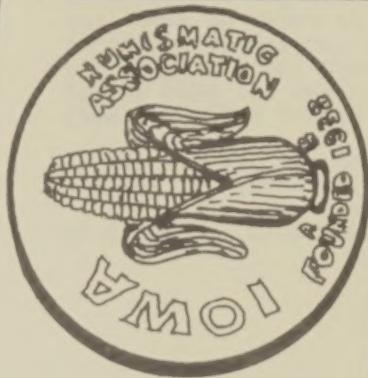

On the back of the bill is a pyramid with 13 steps leading to its' summit; the motto above, *Annuit Coeptis*, contains 13 letters. The Eagle, on the back of the bill, has a ribbon in its' beak on which is written, 'E Pluribus Unum,' this also contains 13 letters. There are 13 stars in a cluster above the eagle's head; there are 13 stripes on the shield below; in his claw the eagle holds 13 war arrows; and in the other claw, an olive branch with 13 leaves.

All in all, the dollar bill is perfectly designed for all who may be superstition prone.
